

K-LOVE is the best radio station in and around the Austin TX area. My children, ages 9 & 10, love the music, and quite frankly, having songs without the horrible language is a breath of fresh air.

K-LOVE is a terrific ministry, I know the message and music has brought many closer in their walk with Christ. To not have this option on the radio, I do not think we would listen at all.

Please do not take K-LOVE signal off the air, our community would be devastated. Thank you.
